CAREER OBJECTIVE

I have a strong sense of self-motivation, work hard and have a passion for learning new technologies. I am looking for an opportunity to prove myself and boost my skills and abilities. I am determined to make a great position in developer society.

SKILLS

Experts: | React | React Router Dom | JavaScript | ES6 | Bootstrap | Tailwind CSS | CSS3 | HTML5 |

Comfortable: | Node.js | Express.js | MongoDB | Rest API | Context API | Firebase authentication | JWT | React Query | React Hook Form | SCSS |

Tools: | Git | GitHub | Chrome Dev Tools | Netlify | Firebase | Vercel | VS Code | Adobe Photoshop | Adobe Illustrator | Figma |

EXPERIENCE

Have experience working on ThemeForest projects as a team member.

Karx - *cleaning service business* | Live |

- Responsibilities were to make the site responsive and create some pages-|Home| Services | Portfolio |Team Member|Member-Details|
- learned about SCSS, teamwork, and how to maintain responsiveness and spacing on websites.

PROJECTS

Mobile Plaza - *A secondhand phone-selling web application* | Live | Github(Server) | Github(client) |

- Buyers, sellers, and admins have their own dashboard functionality and specific role.
- Buyers can see his/her booking/wish list, sellers can add new products and make advertisements and the admin can verify sellers and remove sellers and buyers also.
- Create backend using Node.Js, Express.js, MongoDB databases and front-end using React.js, React Hook Form, React Query, React Router Dom, TailwindCSS, Firebase Auth, JWT and so on.

Pets Health Care - *A veterinary website* | Live | Github(Server) | Github(client) |

- Reviews and services are visible to all visitors, but users can add, remove, and update them.
- Implement MERN Stack CRUD, Context API, React Router Dom, TailwindCSS etc.
- Used Private Route and JWT to protect the data from unauthorized users.

Eduline - *A Online education website* | Live | Github(server) | Github(client) |

- The server site provides all service data. Premium access is only for login users. The course information is available in pdf format for all users.
- Users can use Google, Facebook, GitHub or email-password for login.
- Technology used: React.js | React-Router | Tailwind CSS | Daisyui | NodeJS | ExpressJS | MongoDB | Firebase Authentication | React To PDF | Tippy JS | React Icons | React Tostify |

EDUCATION

B.S.C(Honours) department of Zoology (National University, Bangladesh)

LANGUAGE

Bangla-(native) | English-(IELTS-5.5 expired)
